

**Evangelization** first begins when you accept God's Word into your life. Then you proclaim that Word to others by living it out in service and witness. Whenever possible you share your story of Jesus in your life, and then invite others to deepen their relationship with Christ through the Church community (Pope Paul VI, *Evangelization in the Modern World*). This is most effectively done through **everyday evangelizing**.

**Everyday evangelizing** is everyone's mission. By virtue of our Baptism, we are all called to share our faith.

**Everyday evangelizing** is not a program, but a way of life. It takes place any time, any place, under any circumstance.

**Everyday evangelizing** reaches out to everyone, including active and inactive Catholics and those with no faith community.

**Everyday evangelizing** also addresses the social structures that affect us. In the U.S. Bishops' document, *Go and Make Disciples*, it states: "The fruit of evangelization is changed lives and a changed world – holiness and justice, spirituality and peace."
